2. Presentation and discussion of Brazos County's Existing Consultant Contracts.

Acting County Judge Kyle Kacal called the Workshop to order at 9:10 a.m. Judge Kacal then turned the floor over to Purchasing Agent Charles Wendt.

Mr. Wendt provided a brief overview of the Workshop objectives. He then shared the number of contracts and different types of contracts that the Purchasing Department manages. There are approximately 384 contracts currently being monitored, these consist of Term Contracts, One-time Contracts or Interlocal Agreements. Mr. Wendt provided a list of all contracts to the Court. The list is attached hereto. He then went into detail on the different types of contracts. Mr. Wendt engaged in conversation with Court. Commissioner Brown spoke in opposition of continuing the ITS Contract.

Judge Kacal asked for clarification on the ITS Contract.

Mr. Wendt provided clarification and engaged in conversation with the Court on the specifics of the ITS Contract.

He then explained the current practices on contract terms, the benefits of current terms, and asked the Court for direction on contract terms moving forward.

Commissioner Nettles suggested looking into software programs to help with monitoring contracts. Mr. Wendt shared that they are looking into options to upgrade their current system.

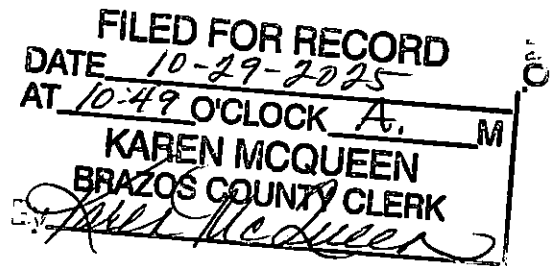

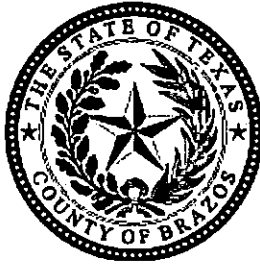

Commissioner Brown asked how many local vendors the County currently contracts with. Mr. Wendt stated that he would look into it and get back to Commissioner Brown. He then asked the Court's direction on what they consider to be a local vendor.

Judge Kacal asked the Court to define what they consider to be a local vendor. The Court engaged in conversation stating they ultimately want the vendor that is best for the job and will be the best benefit for the local taxpayer. If these vendors have ties to the State of Texas or Brazos County that is great.

The Court thanked Mr. Wendt and his team for their service to the County and willingness to look into more effective and efficient options.
