2. Discussion on the future transportation needs in Brazos County.

John Polster with Innovative Transportation Solutions, Inc. gave a presentation on the process and benefits of a Road Bond Program. Mr. Polster stated that Brazos County is one of the top 20 fastest growing counties in the State of Texas and it is imperative that the agencies work together to improve transportation in the area. With the Road Bond Program the County will have the opportunity to leverage approximately \$740,000,000 of TXDOT funds. He advised the Court to consider calling a Road Bond Election in November. The Court entered into discussion on the matter. Commissioner Aldrich expressed concerns on funding and making sure to meet the needs of both citizens within the city limits and in the unincorporated areas of the County. Judge Peters stated that this opportunity could be a game-changer by possibly leveraging \$9.00 for every dollar spent. The Court unanimously concurred that moving forward with a Road Bond

Election is in the best interest of Brazos County.  
Judge Peters opened the meeting for citizen input.

John Nichols, City of College Station Council member, stated that this program is much needed and the County has his endorsement.

Brazos Valley Economic Development Corporation President Matt Prochaska feels this program is incredibly important to the economic growth of Brazos County.

Mayor Karl Mooney, Mayor of College Station applauded the Court for its leadership on this program.
