FY 2026

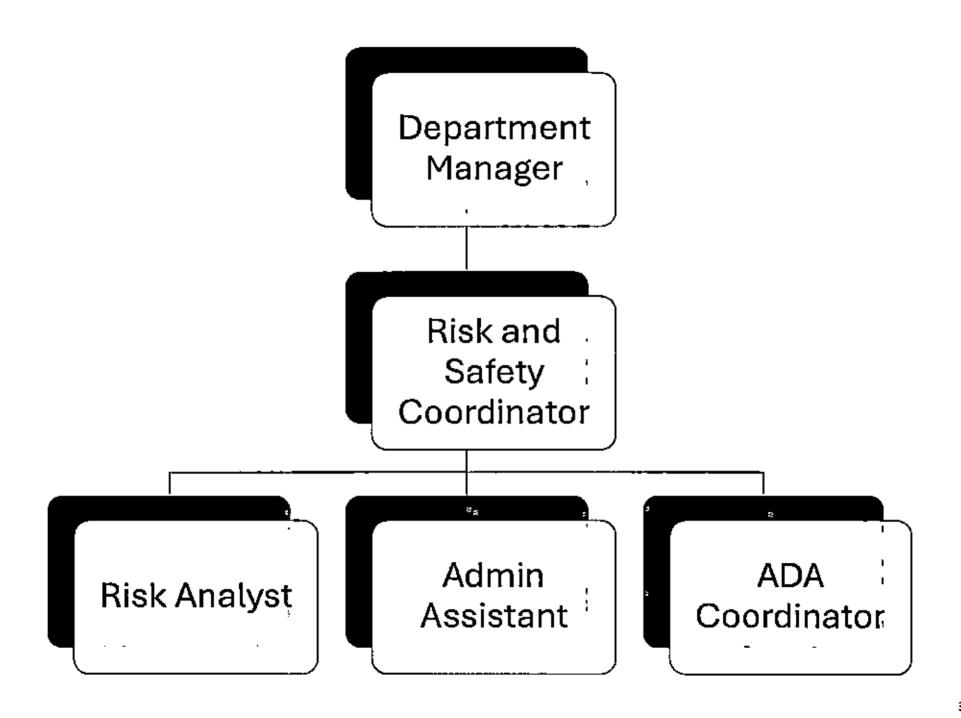

Brazos County

About Risk Management

Risk Management is responsible for managing the County's property and casualty risks and coordinating the employee safety program.

Risk Management's Mission

"Our mission is to protect county assets, reduce exposure to loss, and ensure a safe, resilient work environment by delivering cost-effective risk assessment, loss control, insurance, and claims management—while fostering a culture of safety, transparency, and professionalism across all county operations.".

Objective:

Reallocate funds to enhance County-wide staff training and compliance programs.

Key Adjustments increases:

\$5,000 increase in Training (total \$10,000)

- went over budget this fiscal year

\$2,000 increase in Drug & Alcohol Testing (total \$5,000)

-Safety Sensitive Program Additions

Small reductions in budget for Uniforms, Printer Supplies, Copier Maintenance

Significant reduction in Computer Contracts, Contract Services, and Professional Services – due to cancelation of a claims management software contract as well a "No Award" of a bid for ADA Transition Plan.

Increase Request Drug and Alcohol Testing

\$3,000 to \$5,000 - Increase of \$2,000

Our office along with HR are working to modify current policy, and work with the Expo Complex as well as Road and Bridge to add positions under a Safety Sensitive category. This program could also affect Fleet as well as Facility Services in the future.

- The positions that will be affected will be those that operate heavy and light equipment.
- ❖Based on their position and job description
- This will put those individuals on the Random Testing program
- With this change we will increase drug and alcohol testing by up to 50-70 additional people in the program for FY 2026.
- The first year they will all get testing at the start of the program and then cost may reduce in future

Increase Request Training

\$5,000 to \$10,000 - Increase of \$5,000

Training is vital to reduce and prevent incidents and accidents.

- This budget not only will help with training Risk Management Staff but also all other County employees
- Provide specialized and general training
 - CPR/First Aid
 - Defensive Driving
 - Forklift Certification
 - HAZCOM
 - ❖ Spill Prevention Plan starting in FY2025
 - ❖ Duress/Emergency Action Plan
 - ❖ Reasonable Suspicion/Supervisors and or Employee
- **❖**Coordinate/Host training led by other entities and/or businesses
 - Active Attacker Training
 - Slips Trips and Falls
 - ❖ Back Safety/Office Safety
 - Flagger
 - Work Zone Safety
 - Supervisor Work Zone Safety
 - Heavy Equipment Safety
 - Fire Safety
 - Excavation Safety

Increase Request Training – Cont.

CPR/First Aid

Roughly 40% of County Staff

Defensive Driving 294

The number of employees trained are affected by the following:

- Instructor Certification Cost (turn-over)
- Scheduling
- Employee Interest
- Department Buy-In
- Risk Management is currently working to "BEEF" up the Defensive Driving Program in order to make sure that all drivers get DD training and well as recertifications.

Risk Management's goal is to continue to create a safe County environment for employees, citizens, and protect County assets through innovation and strategic problem solving while remaining cost-effective.

Risk Management will continue to grow its programs and develop the safety culture within the County. We feel that we have been successful in many ways, however, there are many exposures and risks that must be managed. Getting department head and elected official buy in is key to the success of a safety program, which starts with you. We hope that in future years that we can grow the training budget over time to help.

Risk Management programs involve critical tasks that require compliance with state and federal laws, HAZCOM Program, FMCSA, and TCEQ. In addition, other functions such as managing and investigating claims, monitoring and maintaining insurance policies and insured assets and verifying drivers' license records are essential for the protection of the County, employees and citizens.
